Gaining the DOHRS Audiometer System

The following instructions are to be used to gain the Defense Occupational Health Readiness System (DOHRS) audiometer systems to MEDLOG.   Please refer to AFCSM 41-230 if additional information is needed or ccontact TSgt Stephen Walker, DSN 343-4039, commercial 301-619-4039, stephen.walker@ft-detrick.af.mil..
Note: EXP Code 2 is to be used for all components so QA data is maintained.

1. Run an EMR transaction for each component of the system and create a system record
2. Then run an SGM to gain each item on record using the information provided below
3. Run an IER to get Index Number to use for the CER
4. Run a CER transaction to tie all the components to the system.

EMR Information

DOHRS Audiometer System
NSN: 6515L99DOHRS
FID: M
PS&M Code: Z0
RID F04
Price: **System price will be the sum of all components (i.e. if you have one of each $3905.44)**
EXP Code: 2
MAINT CODE: M
Life Code: 8
Device Code: 10228
Nomenclature: Computer, DOHRS
Unit of Issue: EA
HP Vectra VL Mini-tower PC $2,054.02
NSN: 6515L99DOHRSA
FID: M
PS&M Code: Z0
RID: F04
Price: 0.01
Exp Code: 2
MAINT CODE: M
Life Code: 8
Device Code: NNNPA
Nomenclature: Computer, Audiometric Testing
Unit of Issue: EA
HP 1100 Laser Printer $ 383.30
NSN: 6515L99DOHRSB
FID: M
PS&M Code: Z0
RID: F04
Price: 0.01
EXP Code: 2
MAINT CODE: M
Life Code: 8
Device Code: NNNPA
Nomenclature: Laser Printer, Audiometric Testing
Unit of Issue: EA

KDS 17-inch Color Monitor $ 257.42
NSN: 6515L99DOHRSC
FID: M
PS&M Code: Z0
RID: F04
Price: 0.01
EXP Code: 2
MAINT CODE: M
Life Code: 8
Device Code: NNNPA
Nomenclature: Computer Monitor, DOHRS
Unit of Issue: EA
Base Unit (Army/Air Force) MAICO MA 1000 System Audiometer $1,036.00
NSN: 6515L99DOHRSD
FID: M
PS&M Code: Z0
RID: F04
Price: 0.01
EXP Code: 2
MAINT CODE: M
Life Code: 8
Device Code: 10228
Nomenclature: Audiometer, DOHRS
Unit of Issue: EA
Electro-acoustic Calibrator MAICO ME 500 Electro-Acoustic Calibrator, $ 175.00
NSN: 6515L99DOHRSF
FID: M
PS&M Code: Z0
RID: F04
Price: 0.01
EXP Code: 2
MAINT CODE: M
Life Code: 8
Device Code: 90000
Nomenclature: Calibrator, Audiometric
Unit of Issue: EA

Procedures for MGL (MEMO Gains and Losses)

    a. Enter the stock number of the item to gain (see above)
    b. Enter the detachment code
    c. Enter "SGM" for the type of action
    d. Enter the RC/CC for the gaining department
    e. Enter the quantity
    f. Leave document number and index number blank, and Reversal as "N"
    g. Repeat for each of the aforementioned items.

Do an IER to obtain the index numbers for the items entered above.

Run a CER transaction on the system (6515L99DOHRS) using the index number assigned by MEDLOG. Add a relationship for each of the subcomponents.
